1 Introduction

- 1.1 The Council is required by law to protect the public funds it administers and is committed to ensuring that the opportunity for fraud and corruption is reduced to the lowest level, whether attempted from within the organisation or by others. If fraud or corruption of any form occurs, it will be dealt with confidentially in a firm structured manner. The Council has a zero-tolerance attitude to fraud and is totally opposed to any form of fraud and corruption. A definition of fraud is available in [Section 11](#).
- 1.2 The Council wishes to ensure that its money is spent on services for the local community. Any loss of funds as a result of fraud or corruption can reduce the amount of money available for services. The Council will investigate all allegations of fraud or corruption, however any malicious complaints will be dealt with severely.
- 1.3 This Anti-Fraud and Anti-Corruption Strategy is designed to:
- Acknowledge the threat of fraud.
 - Encourage prevention.
 - Promote detection.
 - Identify a clear pathway for responding to fraud and carrying out investigations.
 - Set out the appropriate solutions, including the recovery of loss.
 - Support the delivery of the Council's [Four Year Plan](#) by ensuring our funds are not are not lost due to fraudulent activity and available to support the delivery of our key themes:

1.4 Expectation

- 1.5 The Council promotes a culture of openness and honesty within its core values, and the Council is opposed to any form of fraud and corruption.
- 1.6 The Council expects all councillors and officers to lead by example in ensuring adherence to legal requirements, rules, procedures and practices.
- 1.7 The Council expects all individuals and organisations (including partners, suppliers, contractors and other service providers) to act with integrity and without thought or actions involving fraud or corruption.
- 1.8 This strategy outlines the action needed to discourage fraud and corruption through the culture of the organisation, and the behaviour of councillors and officers. It also outlines the procedures for detecting and investigating fraud and corruption, which despite best practices can occur. The strategy also outlines the training process.
- 1.9 A fraudulent or corrupt act can be within any process or system.
- 1.10 Although this document refers specifically to fraud and corruption, the principles can be applied to all financial malpractice. This includes a wide range of irregularities and criminal acts including theft, false accounting, and obtaining by deception and computer abuse and crime.
- 1.11 Our strategy is based upon five key themes outlined in the local government fraud strategy: **Govern**, **Acknowledge**, **Prevent**, **Pursue**, **Protect**.¹

2 Culture

- 2.1 Applicable themes: **Govern**, **Prevent**.
- 2.2 The Council promotes a culture of openness within its core values and is opposed to any form of fraud.
- 2.3 The Council expects that individuals and organisations (e.g. partners, suppliers, contractors, and service providers) that it deals with, will act with integrity and without thought or actions involving fraud, bribery and corruption. Where relevant, the Council will include appropriate clauses in its contracts about the consequences of fraud, bribery and corruption. Evidence of such acts is most likely to lead to a termination of the particular contract and may lead to prosecution.
- 2.4 It expects all senior officers and councillors to lead by example. Councillors and officers are expected to abide by all rules, procedures and [The Seven Principles of Public Life](#). The Anti-Fraud and Anti-Corruption Strategy is recommended to the Council's partner organisations with the expectation that its principles will be applied either wholly or as the basis for their own local version.
- 2.5 The Council has in place a councillors' code of conduct and officers' code of conduct.² The Council expects all councillors and officers to abide by these codes. The Local Government Act 2000 (as amended) requires councillors to declare and register with the Council's Monitoring Officer any potential areas of conflict between their duties and responsibilities and any other areas of their personal or professional lives.
- 2.6 Councillors and officers have an important part to play in detecting fraud and corruption and are encouraged to raise any concerns that they may have on issues associated with the Council's activities.
- 2.7 Officers are expected to comply with the Council's Code of Practice for Officers. Officers are required to comply with Section 117 of the Local Government Act 1972 and complete a written declaration of any pecuniary or close personal interest. This legislation also prohibits the acceptance of fees or rewards other than by means of proper remuneration. Failure to disclose an interest or acceptance of an inappropriate reward may result in disciplinary action or criminal liability.
- 2.8 Officers can be a first line of defence and the Council encourages them to be alert to the possibility of fraud and corruption and report any suspected cases.
- 2.9 The Council will deal with all information in a fair and confidential manner, and it will be properly investigated. The Council operates a Whistleblowing Policy, which is communicated to all staff via the intranet. It also gives details of how to report particular concerns regarding named staff.

- 2.10 Complaints against councillors should be made to the Monitoring Officer for consideration and possible investigation. Dependent upon the seriousness and nature of the allegation, the allegation can be referred to the Monitoring Officer or to the Police.
- 2.11 All managers are responsible for ensuring that their employees are aware of the arrangements to secure good governance and that the requirements are being met in their work activities. Managers are also expected to create an environment in which their staff feel able to approach them with any concerns that they may have about suspected irregularities.
- 2.12 All senior officers within the Corporate Management Team are expected to deal firmly and swiftly with anyone they suspect is involved in fraud or corruption and should report it immediately [additional reporting details included in employee policy].
- 2.13 A matter will be referred to the police if criminal activity has occurred.
- 2.14 A report on the Council's counter-fraud activities and arrangements will be brought to the Audit and Scrutiny Committee each year for review.

3 Prevention

- 3.1 Applicable themes: **Govern**, **Acknowledge**, **Prevent**.
- 3.2 The Council is committed to the elimination of fraud and corruption, and in leading by example, will:
- Introduce appropriate measures to minimise fraud or corruption.
 - Adopt formal procedures to investigate fraud or corruption when suspected.
 - Provide appropriate mechanisms for employees to voice their genuine concerns and protect those who do.
 - Deter employees from making malicious or unfounded accusations.
 - Have no hesitation referring cases of suspected financial irregularity to the attention of the Police.
 - Work closely with the Police and other appropriate agencies to combat fraud or corruption.
 - Support national and local initiatives against fraud and corruption.
- 3.3 The Chief Financial Officer has a statutory duty under Section 151 of the Local Government Act 1972 to ensure proper arrangements are in place for robust financial administration.
- 3.4 Individual Council services are responsible for ensuring that there are adequate and appropriate controls in place to minimise the risk of fraud, corruption and bribery occurring. Examples include accounting control procedures, working manuals and operating procedures. Heads of Service

are required to ensure that staff have access to these rules and regulations and that staff receive suitable training in respect of them. The operation and adequacy of the internal controls in individual systems is the responsibility of Heads of Service and is subject to regular review by both Internal and External Audit, and assessed during the production of the Annual Governance Statement.

- 3.5 Heads of Service must ensure that suitable levels of internal controls are included in working practices, particularly where there is a financial element. It is important that duties are organised so that no one person can carry out a complete transaction without some form of checking process by another person being built into the system. In addition to the formal rules mentioned above each manager has a responsibility to implement systems of internal control to ensure adherence to council policies and directives to: protect council assets; secure the relevance, reliability and integrity of information, so ensuring as far as possible the completeness and accuracy of records; and ensure compliance with statutory requirements.
- 3.6 A key method of the prevention of fraud and corruption is to take adequate steps at the recruitment stage. When recruiting new staff, the Head of People and Organisational Development must establish, as far as possible, the previous record of potential staff including temporary, permanent and contract staff. Particular attention will be paid to any posts designated by the Council as “sensitive”. Where it is assessed as being appropriate and necessary to do so, applicants will be required to have an enhanced Disclosure and Barring Service (DBS) check (or check against the barred list for working with adults or children).
- 3.7 Where a manager directly recruits temporary staff then they are responsible for ensuring that adequate references are obtained, and that the person is eligible to work in the UK. Where an agency is used the manager must ensure that it is clear under the terms of business whether the agency has undertaken the necessary checks prior to the point of engagement.
- 3.8 The Head of People and Organisational Development is also responsible for ensuring that staff are aware of the role they play within the Council’s internal control framework. Staff will be issued with information on how to find the Anti-Fraud and Anti-Corruption Strategy (including the Whistleblowing Policy) and the Council’s disciplinary procedures.
- 3.9 All managers have a responsibility for preventing and detecting fraud and must ensure that appropriate controls are in place, they are operating as expected, and being complied with.
- 3.10 As per the [Constitution](#) and [Council Operating Framework](#), all councillors and officers are required to declare the receiving of any gifts and hospitality. In addition, councillors are required to declare their disclosable pecuniary interests and non-pecuniary or other interests which the Council has decided are appropriate for registration in accordance with the Code of Conduct for councillors and to act in accordance with the code. Officers are required to

declare their personal interests in accordance with the Officers Code of Conduct.

- 3.11 The Council is committed to working and exchanging information with other organisations to prevent fraud and corruption. Work on the National Fraud Initiative is co-ordinated by the Head of Policy and Corporate Resources. Any positive matches are investigated. Information may also be shared with other bodies responsible for auditing and administering public funds.
- 3.12 The Council has a separate policy for Anti Bribery.

4 Detecting and Investigating Fraud and Corruption

- 4.1 Applicable themes: **Prevent**, **Pursue**, **Protect**.
- 4.2 The Council is committed to the investigation of all instances, attempts or suspected fraud committed by officers, councillors, consultants, suppliers and other third parties; and for the recovery of funds and assets lost through fraud.
- 4.3 The Council's Financial Regulations require all suspected financial irregularities to be reported so that an investigation of the allegations can be undertaken most likely but not exclusively by Internal Audit. The Council's internal audit service is provided by external contractors, the Southern Internal Audit Partnership (SIAP). Therefore, suspected fraud can be reported to the Chief Internal Auditor, whose details can be found in Section 5.19 of this document, and the Head of Policy and Corporate Resources.
- 4.4 Using one of these methods to report a suspected fraud ensures that:
- Suspected cases are investigated promptly and properly.
 - There is a clear process for responding to the fraud.
 - There is a standardised process.
 - Individuals and the Council are protected.
- 4.5 The Head of Policy and Corporate Resources, in conjunction with the Chief Executive, and/or the Chief Financial Officer, with advice from the Chief Internal Auditor, will decide on the type and course of action to take and, if appropriate, will make the decision to report a situation to the Police. Depending upon the nature of the case, criminal action or disciplinary action could be taken concurrently.
- 4.6 The Council works with the Department of Work & Pensions in its commitment to prevent and detect benefit offences. Welfare benefit fraud is now investigated by a single fraud investigation service based within the Department of Work & Pensions. A suspected fraud can be reported online directly to the Department for Work and Pensions Fraud and Error Service,³ on 0800 854440 or by writing to the following address:

National Benefit Fraud Hotline

Mail Handling Site A

- 4.7 The Council's External Auditors also have the power to request or carry out an investigation into fraud and corruption.
- 4.8 The Fraud Act 2006 has created a new offence of fraud which can be used to prosecute certain offences.

5 Fraud Response Plan: Reporting a Suspected Fraud or Corruption

5.1 Applicable themes: **Govern**, **Acknowledge**, **Prevent**, **Pursue**, **Protect**.

5.2 What does the Council want to know about?

5.2.1 The examples of fraudulent and corrupt acts below apply to local authorities in general. It is not an exhaustive list.

<p>Council tax fraud</p> <p>Fraud can occur when an individual intentionally gives incorrect or misleading information in order to pay less or no council tax. Examples include someone stating that they live alone when another adult also lives there or someone claiming to be a student when they aren't.</p>	<p>Social housing / tenancy fraud</p> <p>The unlawful misuse of social housing. This can be broken down into two main areas; social housing fraud and Right to Buy fraud. The former includes offences such as unlawful subletting, false applications, non-residency and unauthorised tenancy succession and the latter includes fraudulent applications under the right to buy/acquire schemes.</p>
<p>Procurement fraud</p> <p>This occurs in connection within the local authority supply chain. It can happen at any point throughout the procurement cycle but is particularly prevalent in the contract letting phase. It can also include tendering issues, split contracts and double invoicing, invalid invoices / work not done.</p>	<p>Housing benefit fraud</p> <p>Councils are no longer responsible for the investigation of this fraud but as administrators of this benefit there is a responsibility to actively prevent attempts of fraud and to notify the Department of Work and Pensions (DWP) of any suspected fraudulent activity including false applications and failing to declare changes in circumstances.</p>
<p>Business rates (NNDR) fraud</p> <p>Offences include providing false details to obtain exemptions and reliefs and unlisted properties.</p>	<p>Employee fraud</p> <p>Fraud related to: theft of cash or other assets, e.g. building materials which involves false accounting to conceal the loss; where Council equipment is used for personal use e.g. unauthorised private use of Council vehicles; undertaking personal tasks or moonlighting in 'works time', e.g. shopping, unauthorised use of IT facilities such as the Internet, taking on</p>

	additional undeclared employment, and any other such activities that could reasonably fall under this classification; employee fraud against a third party, where an employee abuses a position of trust to defraud a third party, e.g. a social worker who has access to the cash and property of an elderly person or a teacher in charge of school funds; acceptance of gifts and hospitality.
Recruitment fraud Includes false CVs, job histories, qualifications, references or referees.	Insurance fraud False claims made against a council or their insurers such as 'trips and slips'.
Cyber fraud Such as phishing, allows a range of fraud types resulting in diversion of funds and the creation of false applications for services and payments.	Grant fraud There are many different types of local authority grants paid out to individuals, businesses and charities. Fraud types include work not carried out, funds diverted, ineligibility not declared.
Pension fraud Occurs when the pension provider is not notified of changes in circumstances and payments continue to be cashed fraudulently. Examples include failure to notify the pension provider about the death of the recipient and failure to declare returning to work after retirement.	No recourse to public funds Fraudulent claim of eligibility, usually by the provision of false papers or by overstaying.
Commissioning of services Includes joint commissioning, joint ventures, commercial services, third sector partnerships – conflicts of interest, collusion and so forth.	Disabled facility grants. Fraudulent applications for adaptations to homes aimed at the disabled.

5.3 Action by Officers

- 5.3.1 If an officer becomes aware of a suspected fraud or irregularity, the matter must be reported immediately to either: the Head of Policy and Corporate Resources or the officer's line manager (unless they are involved, in which case report to their line manager) [additional reporting details included in employee policy].
- 5.3.2 An officer may choose to report their concerns anonymously or request anonymity. While total anonymity cannot be absolutely guaranteed, every endeavour will be made not to reveal the names of those who pass on information. Note, the perpetrator should not be alerted.

5.4 Action by Managers

5.4.1 If a manager has reason to suspect fraud or corruption in their work area or have received an allegation, they should do the following:

- Listen to the concerns of staff and treat every report seriously and sensitively.
- Obtain as much information as possible from the member of staff including any notes or evidence to support the allegation. Do not interfere with this evidence and ensure it is kept secure.
- Do not attempt to investigate the matter themselves or covertly obtain any further evidence as this may adversely affect any future investigation by Internal Audit or criminal investigation.
- Report the matter immediately to the Head of Policy and Corporate Resources.

5.4.2 The purpose of any initial enquiries is to confirm or repudiate the suspicions that have arisen, so that further investigation may be instigated.

5.5 Members of the Public

5.6 Epsom & Ewell Borough Council encourages members of the public who suspect fraud and corruption to contact us by email contactus@epsom-ewell.gov.uk(link sends e-mail), or calling 01372 732000 (hard of hearing can SMS on 07950 080 202). Correspondence should be addressed to the Head of Policy and Corporate Resources and Internal Audit. Alternatively, our internal auditors can be contacted (details [below](#)).

5.7 Councillors Responsibilities

5.7.1 Where councillors come into possession of information which may indicate that a fraudulent or corrupt act is being perpetrated, they should immediately report it to the Chief Executive or the Head of Legal Services and Monitoring Officer.

5.8 Malicious Allegations

5.8.1 If an allegation is made frivolously, in bad faith, maliciously or for personal gain, disciplinary action may be taken against the person making the allegation.

5.9 Investigation Process

5.9.1 The Head of Policy and Corporate Resources is responsible for initiating and overseeing all fraud investigations in conjunction with the Council's appointed Internal Auditors – SIAP. As part of the process the Head of Policy and Corporate Resources will complete a risk assessment to assess the appropriate action to be taken. In assessing the risk, the outline of the allegation, amount involved, officers involved and evidence available and timescales will be taken into consideration.

- 5.9.2 Investigations will be undertaken by an independent and experienced audit team in accordance with this strategy. In certain circumstances, following agreement with SIAP and the Head of Policy and Corporate Resources, investigation work may be carried out by departmental managers whilst maintaining liaison with SIAP. Where relevant, it may be referred to an independent counter fraud specialist.
- 5.9.3 Investigation results will not be reported or discussed with anyone other than those who have a legitimate need to know.
- 5.9.4 The officer leading an investigation must establish at an early stage whether a criminal act may have taken place, and this will shape the way the investigation is handled and by whom. If it appears to be a criminal act, it will be reported to the Police.
- 5.9.5 The investigation must:
- Determine the facts.
 - Consider what action should be taken against the staff found culpable.
 - Identify whether the Council's controls or procedures need to be improved.
- 5.9.6 In most instances SIAP will be involved but it may also be an authorised officer. All evidence must be gathered, and all employees must co-operate with the investigation process. Failure to co-operate is a disciplinary offence. The investigation officer must establish whether there is any physical evidence that fraud has occurred, recording the time and the place that the evidence was obtained. They need to establish whether there are any witnesses and interview or obtain written statements as appropriate. File notes should be made and retained securely.
- 5.9.7 Once the investigation has been completed, a report will be written detailing the facts and findings. Recommendations will be made where weaknesses in systems and controls are identified. Management must take appropriate action to address these weaknesses to ensure that similar frauds do not recur. Actions taken will be monitored by SIAP.
- 5.9.8 In concluding the investigation there are several possible outcomes including, criminal proceeding, civil proceedings, and disciplinary action.
- 5.9.9 If the outcome of an investigation is that action should be taken against an employee, the auditor / investigator will liaise with the appropriate service manager and Head of People and Organisational Development to determine the level of appropriate disciplinary action to be taken.
- 5.9.10 If suspension is necessary during an investigation this will be done with the approval of the Head of People & Organisational Development.
- 5.9.11 Management will follow the Council's disciplinary procedures where the outcome of the investigation indicates improper behaviour.

5.9.12 The Council will normally inform the Police of financial impropriety and expect them to independently investigate and prosecute where appropriate. Referral to the police is decided by the Head of Policy and Corporate Resources, having considered the advice of the Chief Internal Auditor and the risks involved. The Head of Policy and Corporate Resources has responsibility for informing all relevant bodies and officers of further action including the Council's insurers.

5.9.13 The Council expects all officers, councillors, partners, contractors, the public and other organisations to provide information if fraud and corruption is suspected.

5.9.14 The Council has a Whistleblowing Policy, its aim is to encourage and enable staff to raise serious concerns.⁴ All employees are assured of confidentiality through legislation (Public Interest Disclosure Act 1998),⁵ which provides protection for individuals who make certain disclosures.

5.9.15 All information or concerns received will be treated seriously and in strict confidence. Officers should raise issues with their line manager in the first instance, or an officer directly responsible for the area concerned. In some instances, a complainant may feel it is right to contact other parties; details of which are listed below.

5.9.16 Any calls taken by the Contact Centre relating to serious concerns will be directed to the Head of Policy and Corporate Resources and Chief Financial Officer without using the normal customer feedback procedures.

6 Prosecution Policy

- 6.1 Applicable themes: **Govern**, **Acknowledge**, **Pursue**, **Protect**.
- 6.2 The Council is committed to preventing fraud and corruption wherever possible.
- 6.3 However, where fraud and corruption occur, in any form, it will be dealt with in a firm, controlled and confidential manner. It will be investigated fully and efficiently, and the **Council will prosecute all offenders where appropriate** including, officers, councillors, contractors or external partners. The Council will seek the strongest possible sanction and redress using a multi-track system as suitable, which may include criminal and civil proceedings or regulatory bodies.
- 6.4 The Head of Policy and Corporate Resources, in consultation with the Chief Finance Officer and Chief Executive, and also potentially with either the Chief Internal Auditor or Directors, will decide whether it is appropriate to refer a matter to the Police. In exceptional circumstances the Head of Policy and Corporate Resources can refer matters directly to the Police.
- 6.5 In deciding whether a fraud should be reported to the Police, the following is taken into account:
- The seriousness of the case.
 - The level of money involved.
 - The level of evidence obtained.
 - Whether the public interest test will be served.
- 6.6 This prosecution policy will be operated in conjunction with the Council's disciplinary codes and where relevant, all employees will be subject to the general disciplinary procedures as well as any prosecution process.
- 6.7 In all cases where financial loss to the Council has occurred, the Council will take appropriate action to recover the loss.

7 Recovery of Loss

- 7.1 Applicable themes: **Pursue**, **Protect**.
- 7.2 Where the Council has suffered loss, restitution will be sought of any benefit or advantage obtained and the recovery of costs will be sought from the individual(s) or organisations responsible for fraud.
- 7.3 Where an officer is a member of the Council's pension scheme, and is convicted of fraud, the Council may be able to recover the loss from the capital value of the individual's accrued benefits in the scheme, which are then reduced as advised by the actuary.
- 7.4 The Council may also consider taking civil action to recover the loss.

- 7.5 The Communications team will deal with the press and publicity in all matters regarding fraud and corruption. Where appropriate the details of all successful prosecutions for fraud will be released, but officers and managers must not disclose any details to the press. The aim is to publicise the Council's intolerance of fraud or corruption.
- 7.6 Any employment reference sought by officers will contain all factual information on file including any disciplinary action taken by the Council.

8 Awareness and Training

- 8.1 Applicable themes: **Govern**, **Acknowledge**, **Prevent**, **Protect**.
- 8.2 The key to introducing a successful Anti-Fraud and Anti-Corruption Strategy is to ensure it has credibility within the organisation, which depends on effective training and responsive staff.
- 8.3 The Council supports training for all staff involved in managing internal controls and will ensure that responsibilities and duties are regularly reviewed.
- 8.4 The Council supports induction training, staff appraisal and development. It supports governance and fraud awareness training. All officers and councillors involved in internal systems need to understand their responsibilities and duties regarding prevention and reporting of suspected fraud and corruption.

9 Conclusion

- 9.1 The Council is committed to tackling fraud and ensuring that a clear network of systems and procedures is in place to help prevent fraud.
- 9.2 When the Council changes its services or ways of working, managers will be expected to take into account fraud prevention and detection in new systems.
- 9.3 The Council is also committed to monitoring arrangements and the Head of Policy and Corporate Resources is responsible for regularly updating this Strategy.

10 Additional Documents

- 10.1 The Anti-Fraud and Anti-Corruption Strategy, is not a standalone policy and the following documents are also available on the staff intranet (E-Hub):
- Whistleblowing policy
 - Anti-Money Laundering Policy
 - Anti-Bribery Policy
 - Conflict of Interest Policy
 - [Constitution](#) and [Council Operating Framework](#), including:
 - Financial Regulations

- Standing Orders
- Contract Standing Orders
- Codes of Conduct
- Scheme of Delegation
- Terms and Conditions of Service
- HR Policies including Disciplinary Policy
- Service Manuals and Procedures
- The Code of Conduct to any professional body to which they may belong.

10.2 The Anti-Fraud and Anti-Corruption Strategy will be reviewed every three years.

11 Glossary of Key Terms

- 11.1 **Fraud:** Fraud can be considered an economic crime which “refers to a broad category of activity involving money, finance or assets, the purpose of which is to unlawfully obtain a profit or advantage for the perpetrator or cause loss to others.”⁶
- 11.2 The Fraud Act 2006 further defines fraud in three classes; false representation; failure to disclose information where there is a legal duty to do so and abuse of position.⁷
- 11.3 **Bribery:** The Bribery Act 2010 replaces the offence of common law bribery and the existing statutory offences of corruption.⁸ Bribery can be defined, generally, “as giving someone a financial or other advantage to encourage that person to perform their functions or activities improperly or to reward that person for having already done so. So this could cover seeking to influence a decision-maker by giving some kind of extra benefit to that decision maker rather than by what can legitimately be offered as part of a tender process.”⁹
- 11.4 **Theft:** The Theft Act 1968 defines theft as “[a] person shall be guilty of theft if he dishonestly appropriates property belonging to another with the intention of permanently depriving the other of it.”¹⁰
